2490-1

My daughter,

Say many prayers so that peace + unity can be restored all around this world. Pray, pray each new day for there is much division taking place on this earth. Many are not listening to God + many sins are committed each new day. The forces of evil are strong due to lack of prayer, + true devotion to our Lord. Today I am also asking priests to pray, pray for their flock. I am asking priests to join hands + pray, pray with one another. I am asking for more prayer so please tell my beloved sons that they too must join hands + pray, pray with one another. The time is drawing near + you will each need to be strong, strong for Christ. Many signs will occur as a warning to wake those who are sleeping. Those who deny God + who refuse to take heed to his warning will suffer, suffer tremendously. Earthquakes will

2490-2

Shake this earth & they will cause much destruction especially in those areas where much sin is taking place. Man will no longer be able to hide & much will be taken away, Gods justice will be felt all around this world for sin has become widespread. This world will suffer if man does not listen & ammend their ways. Darker days will come if man does not change & Repent of his wicked ways. Yes, many, many will suffer, if they don't wake up soon, Everyone must pray & do penance. All must repent & turn to God before Its too late. Gods mercy will be great to those who repent. My chosen sons must not delay. They must gather their flock & pray, pray more. They must rescue those who have been led astray. I say to each of you listen to the voice of the holy spirit & than do your part to save souls. Do all that you can now for many

2490-3

Souls are in danger, a great punishment will truly happen if you do not pray more & live, live the gospel. There is no longer time to be silent you must witness in love. You must teach others to pray for it is through prayer that they will come to know Jesus. Please take heed now to my motherly request for I do not want to see souls perish for all eternity. Pick up your cross, pick up your sword & go forth now & live the eternal word. Go forth in love, pray & atone & be true servants for our lord.

amen
