2538-1

My daughter,

Spend time with Jesus for he longs to hear from you each new day. Spend time in adoration + give thanks to God for the many blessings he has bestowed on you + your family. Today I want all my children to be grateful for all that God has done in your lives. Be grateful + give thanks to God for he truly, truly loves each of you. America has been truly blessed but all can be taken away if my children deny that God exists. This is why I am telling each of you to turn to God + be a more thankful people. I have been telling you to pray more + to cleanse your soul. Those who are truly doing what I ask are truly pleasing God. Those who are coming to mass as often as they can are on the right path. The foolish are those who have allowed their lives to become too busy for God. They are not praying or using their time wisely to prepare

their soul. Dear Children you must change your ways & be more appreciative for this time in which God has allowed. You must let go of your desires & spend more time with Jesus. You must not neglect your soul. You must be truly sorry for your sins. How can God forgive you if you do not ask for forgiveness. How can God strengthen you if you refuse to receive the sacraments. God cannot teach you if you refuse to listen, listen to him. God is not happy when he sees so many children living in sin. It is time now to trust in God & to ask, ask for his assistance. It is time now to obey, obey all of God's commandments. There is no longer time to be living in sin. Begin today & take heed to the gospel. Begin today & examine your conscience. Be truly sorry for your sins & do penance every day. Be truly

2538-3

grateful each time you can come to mass & receive Jesus. Don't take this time for granted. Be a more thankful people. Thank God each time you are able to share those gifts God has blessed you with. Thank God by truly giving all honor & glory to him. Thank God by truly kneeling more, & praying, praying from your heart. Today I must remind my children to be ~~more~~ thankful for each new day. Now please let go of pride & be more humble. Let go of your ways & spend more time with Jesus. Imitate Christ by truly picking up your cross & being vessels of love. Live the gospel & love, love one another. Live the gospel & allow my son to dwell, dwell in you. This message is for all my children so please take heed & go forth & live Gods word. Amen.
