My daughter,
Peace comes from knowing Jesus. Until my children turn to God there can not be peace in this world. This world is in trouble due to lack of faith + trust in Almighty God. Do to lack of prayer violence is increasing all around this world. Terrorists roam this earth waiting for their signal to attack. Many innocent lives will be destroyed if my children don't get down on their knees + pray, pray more. Why aren't my priests promoting more prayer. I have asked my priests to lead the rosary. I have asked them to join hands in those groups that I have formed. Where are my priests. The rosary can truly stop what is coming your way. More of my children would gather + pray if priests would teach their flock the importance of praying the rosary. I am truly

asking for your assistance for
much prayer is needed around
this world. Please dear priests
let go of all fear & gather my
children now. Without more prayer
you will see much destruction.
Much more evil will enter this
world if you ignore my motherly
requests. Take time after mass
to pray the rosary with your flock.
Take time so more will stay to
pray & meditate on the mysteries
of the rosary. Let go of your
desires & I promise you God will
truly protect you. Let go of your
worldly ways & make time to
pray with your flock. A true
leader is one who guides &
shepherds those around them. A
true leader promotes prayer
not war. True leaders are those
who are faithful to God. Dear
priests this is part of your
vocation so please, please do your
part. Let go of your free time &
listen, listen to your heavenly

mother. This world is in danger
& I need your assistance. I
need your assistance in order
to stop what is coming your
way. I plead with you today
to truly live, live your vocation.
Your hands & voice are needed
in order to make a difference
in this world. It is time now
to join hands & pray for peace
around this world. It is time now
to teach your flock the importance
of family prayer. Time is
running out so please take
this message seriously. Please
do your part for when you
pray ~~together~~ together your prayers
are even more powerful. I will
assist you each time you pray,
pray with your flock. Now
please take my hand & be true
warriors for Christ. Take my
hand & walk with me & use your
hands & voice for Christ. Today you
must begin for I say to you prayer is
truly needed around this world. Amen
