My daughter,

Please tell my children to pray, fast & repent for so much evil is prowling the earth. Evil cannot be destroyed if my children choose to live un-mortal sin. The worst is yet to come if my children do not repent & return to God. Please dear children get down on your knees & recite the Rosary. Pray throughout the day & meditate on the mysteries of the Rosary. Pray, pray from your hearts & implore God's mercy. Receive the sacraments so you have the grace needed to be strong warriors for Christ. Great catastrophes are coming to wake mankind. Families need to pray, pray more. Families need to become families in order to make a difference in the world. Please dear children wake up now & do your part for the salvation of souls. Do your

part now for a great trial
will come upon the United States.
Much will be taken away to wake
mankind. It is time now to
prepare my groups for prayer
is truly needed all around
the world. Amen
